At The Blue Saffron Company, we enjoy serving outstanding people who make an effort to distinguish their homes and create their own signature style. We trade in carefully selected exuberant antiques and a stunning range of exotic home furnishings from around the world.

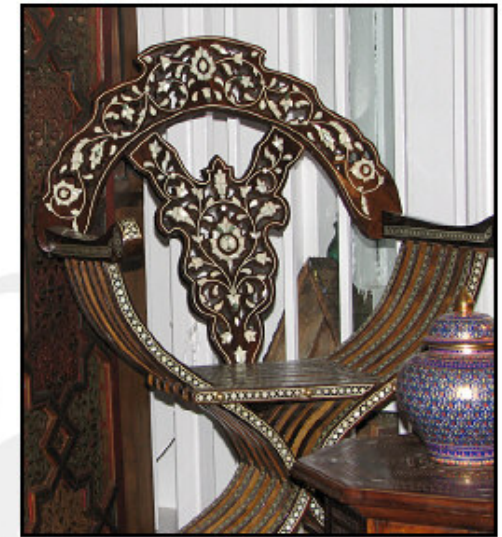

*Handcrafted cabinet. Walnut with mother of pearl inserts*

*Upscale exotic antiques, artworks and home furnishings for highly demanding people*

The first collection focuses on eclectic home furnishings inspired by Andalusia and Mediterranean cultures; with articles from Spain, Morocco, Egypt and Israel as well as other countries in the region. The Blue Saffron Company also brings to Houston – and for the first time to the United States design market – a custom-made furniture line designed exclusively for the company. Each piece is a work of art in itself, and is handcrafted from solid walnut or cedar, with exotic inlaid finishings.
